AUDIT COMMITTEE CHARTER

The Board of Directors (“**Board**”) of Destiny Tech100 Inc. (the “**Company**”) has determined that the Audit Committee of the Board (the “**Committee**”) shall assist the Board in fulfilling certain of the Board’s oversight responsibilities. The Board hereby adopts this charter (“**Charter**”) to establish the governing principles of the Committee.

I. Purpose

The primary function of the Committee is to serve as an independent and objective party to assist the Board in fulfilling its oversight responsibilities for the Company’s accounting and reporting processes and the audits of its financial statements by overseeing and monitoring:

- a. The quality and integrity of financial reports and other financial information provided by the Company to governmental bodies or the public and the independent audit thereof.
- b. The Company’s system of internal controls regarding finance, accounting and regulatory compliance.
- c. The material aspects of the Company’s accounting and financial reporting process generally.
- d. The independence, qualifications and performance of the Company’s independent registered public accounting firm (the “independent accountants”), including the lead audit partner.
- e. The compliance by the Company with legal and regulatory requirements.
- f. The performance of the Company’s internal audit function.

The Committee shall also be responsible for preparing an audit committee report as required by the rules of the Securities and Exchange Commission.

The Committee will primarily fulfill these responsibilities by carrying out the responsibilities and duties enumerated in Section V of this Charter.

II. Scope

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements are complete and accurate or are in accordance with generally accepted accounting principles (“**GAAP**”). The responsibility to plan and conduct audits is that of the Company’s independent accountants. In fulfilling this responsibility, the independent accountants are ultimately accountable to the Board of the Company and this Committee. The Company’s management has the responsibility to determine that the Company’s financial statements are

complete and accurate and in accordance with GAAP. It is also not the duty of the Committee to assure the Company's compliance with laws and regulations or compliance with the Company's Code of Ethics or Code of Business Conduct and Ethics. The primary responsibility for these matters also rests with the Company's management.

In order to fulfill its oversight responsibility, the Committee must be capable of conducting free and open discussions with the valuation committee, management, independent accountants, internal auditors, employees, and others regarding the quality of the financial statements and the system of internal controls.

III. Membership Requirements

The Committee shall be comprised of three (3) or more directors or members who are not "interested persons" of the Company or of Destiny Advisors, LLC (the "*Adviser*") as defined in Section 2(a)(19) of the 1940 Act, as determined by the Board, each of whom:

- a. Shall be independent directors or members who are not "interested persons" of the Company or of the Adviser, and free from any material relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.
- b. Shall be or shall become (within a reasonable period of time after his or her appointment) "financially literate," as such qualification is interpreted by the Board.
- c. Shall have a basic understanding of finance and accounting practices and shall be able to read and understand financial statements. Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or an outside consultant.

The members of the Committee shall meet the requirements of all applicable laws, rules or regulations, in each case, when, as and to the extent applicable to the Company. In addition, since the Company intends to list its shares on a national securities exchange, the members of the Committee shall meet the requirements of such exchange. In addition, at least one member of the Committee shall have accounting or related financial management experience.

The members of the Committee shall be elected by the Board annually or until their successors shall be duly elected and qualified. Unless a Chairman is elected by the full Board, the members of the Committee may designate a Chairman by majority vote of the full Committee membership sufficient to satisfy the definition of "audit committee financial expert" under the rules and regulations promulgated by the Securities and Exchange Commission.

Members of the Committee shall not simultaneously serve on the audit committees of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee. Any such determination shall be disclosed in the Company's annual proxy statement.

IV. Meetings

The Committee shall meet at least four times each year, or more frequently as circumstances require. Except as otherwise provided by resolution of the Board or the Committee, the presence in person or by telephone of a majority of the Committee's members shall constitute a quorum for any meeting of the Committee. The Committee shall meet periodically with management, the internal auditor and the independent auditor in separate executive sessions. The Chairman of the Committee may call a Committee meeting whenever deemed necessary and shall be responsible for meeting with the independent accountants at their request to discuss the interim financial results. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent accountants to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals shall be presented to the full Committee at its next scheduled meeting.

The Committee shall have the sole authority to retain and terminate any consultants, legal counsel and other advisors to assist the Committee in fulfilling its duties and responsibilities and shall have the sole authority to approve the fees and other terms and conditions of any such retention.

V. Responsibility and Duties

a. General Responsibilities

To carry out its purposes, the responsibilities of the Committee shall be as follows:

The independent accountants shall report directly to the Committee.
- ii. Ensure the independence of the independent accountants by:
 - 1. Having the independent accountants deliver to the Committee at least annually a formal written statement delineating all relationships between the independent accountants and the Company and addressing at least the matters set forth in the Public Company Accounting Oversight Board's Rule No. 3526; actively engaging in dialogue with the independent accountants about any relationships or services disclosed in such statement that may impact the objectivity and independence of the Company's independent accountants.

 - iv. The Committee shall review and present its conclusions regarding the independent accountants' qualifications, performance and, if applicable, its conclusions regarding the rotation of the independent accountants to the Board at least annually.
 - v. The Committee shall obtain, review and discuss reports from the Auditors about: (i) all critical accounting policies and practices which the Company will use, and the qualities of those policies and practices; (ii) all alternative treatments of financial information within generally accepted accounting principles that the Auditors have discussed with management, the ramifications of the use of these alternative disclosures and treatments, the treatment preferred by the independent auditors and the reasons for favoring that treatment; and (iii) other material written communications between the Auditors and management, such as any management letter or schedule of unadjusted differences.

- vi. The Committee shall evaluate the qualifications, performance and independence of the independent auditor, including (i) reviewing and evaluating the lead partner of the independent auditor team and (ii) considering whether the auditor's quality controls are adequate and the provision of permitted non-audited services is compatible with maintaining the auditor's independence, taking into account the opinions of management and the Company's internal auditor.

Officers and employees further understand that this Whistleblower Policy does not limit an officer's or employee's ability to communicate with any Government Agencies or otherwise participate in any investigation or proceeding that may be conducted by any Government Agencies or other authority, including providing documents or other information, without notice to the Company. This Whistleblower Policy does not limit officers' or employees' right to receive an award for information provided to any Government Agencies or other authority.

Acting in Good Faith

Anyone reporting a Concern must act in good faith and have reasonable grounds for believing the information disclosed indicates an improper or fraudulent practice, or a violation of the federal securities laws.

Confidentiality

Reports of Concerns, and investigations pertaining thereto, shall be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation. Disclosure of

reports of Concerns to individuals not involved in the investigation will be viewed as a serious disciplinary offense.

Reporting and Retention of Non-Human Resources-Related Complaints and Investigations

The CCO will periodically report to the CEO on the status of all pending reported Concerns.

Roles, Rights and Responsibilities of Whistleblowers

A person or entity making a protected communication or disclosure is commonly referred to as a whistleblower. The whistleblower's role is as a reporting party. They are not investigators or finders of fact and only participate in investigations when requested. In addition, whistleblowers do not determine the appropriate corrective or remedial action that may be warranted.

Whistleblowers have the role of providing initial information related to a reasonable belief that a Concern has occurred. The motivation of a whistleblower is irrelevant to the consideration of the validity of the allegations. However, the intentional filing of a false report, whether orally or in writing, is itself a Concern that a Covered Person has the right to act upon.

Whistleblowers should gather evidence for which they have a right of access. Improper access may itself be a Concern.

The Company expects whistleblowers to be candid and set forth all known information regarding reported allegations to investigators. Persons making a report of alleged Concerns may be asked to be interviewed by Company investigators.

Anonymous whistleblowers are expected to provide sufficient corroborating evidence to justify the commencement of an investigation. Unspecified wrongdoing or broad allegations without verifiable evidentiary support will not cause an investigation to be undertaken. Because of the inability of investigators to interview anonymous whistleblowers, it may be more difficult to evaluate the credibility of the allegations and therefore, less likely to cause an investigation to be initiated.

Confidentiality of the identity of whistleblowers will be maintained to the extent possible within the legitimate needs of law and the investigation. If the whistleblower discloses his/her identity beyond the person to whom the suspected Concern is reported, a Covered Person will no longer be obligated to maintain such confidence.

A whistleblower's right to protection from retaliation does not extend immunity for any complicity in the matters that are the subject of the allegations or an ensuing investigation.

Whistleblowers have a right to be informed of the outcome of their having made a protected disclosure unless there exist overriding legal or public interest reasons not to do so.

Compliance and Disciplinary Action

A Covered Person may take disciplinary action against any officer or employee who wilfully violates or circumvents this Whistleblower Policy, or in other appropriate circumstances.

Description of Disciplinary Action

Disciplinary Action may be taken:

- Against any officer or employee who directs, authorizes or participates (directly or indirectly) in conduct that violates this Whistleblower Policy.
- Against any officer or employee who knowingly fails to report suspected Concerns as described in this Whistleblower Policy.
- Against any officer or employee who knowingly fails to report a violation or knowingly withholds relevant and material information concerning a violation of this Whistleblower Policy.
- Against the violator's supervisor(s), to the extent that the circumstances of the violation reflect inadequate supervision or a lack of diligence.
- Against any officer or employee who attempts to retaliate, directly or indirectly, or encourages others to do so, against anyone who reports a violation of this Whistleblower Policy or a suspected Concern.

Disciplinary action may include reprimand, demotion, suspension, termination, referral for criminal prosecution, and reimbursement to the respective Covered Person or the government for any losses or damages.

This Document Not a Contract

This Whistleblower Policy does not constitute a contract of any kind, nor does it limit a Covered Person's right to take disciplinary action in other circumstances. Employment at a Covered Person is "at will" and may be terminated at any time by the Covered Person or the employee, with or without any previous notice, unless a formal written agreement between the Covered Person and the employee provides otherwise.

Available Assistance

It is essential that all officers and employees understand this Whistleblower Policy and prevent conduct that could bring a Covered Person's integrity into question. Since many of the issues that arise under this Whistleblower Policy may involve interpretive questions, the CCO has been entrusted with providing guidance and answering day-to-day questions on this Whistleblower Policy.
